Village to re-bid Oakwood Knolls sewer

Does Antioch need airport in the lake?

or,

How I got up early one morning and a won an airplane!!!

Through the years, Antioch has been home to a number of celebrities, from Mayor Anton Cermak of Chicago, through professional wrestler Jim McMillen, to Governor Otto Kerner. Our newest local "star" is none other than vivacious Village Clerk Marilyn Sterbenz.

Marilyn's emergence into the public eye began on an innocent vacation to Las Vegas with her husband Joe. Such travels are not that much out of the ordinary for Joe and Marilyn, or for many others. However, few trips have such a momentous result.

They left Antioch last Tuesday and were to return Sunday night. By Friday, Marilyn says, she was becoming aware of the fact that their time was passing too quickly.

So, though she had been out late the night before - who wasn't in Las Vegas? - she got up early Friday morning to meet some friends at the Tropicana. The friends had tickets for the taping of the game show, "The Dealer's Choice," and had invited Marilyn to come down at 9:30 and join them.

To make a long, long story short, she got in for the taping. But more than that, she was selected to be a contestant on one of the programs being taped that day.

Everyone in the audience is interviewed before going in, but the interviewers told her, Marilyn reports, that she was "just the kind they were looking for" - whatever that means!

Not only was she able to participate in the game, she came home a winner - a big winner!!

The game is based entirely on luck, the contestants betting

Marilyn in a quieter moment at the Village Office. (Staff Photo)

against the "dealer" on such things as matching cards or high points. As Marilyn seems unusually blessed with luck, she not only outscored the other two contestants, but lasted through eight (count 'em, eight) rolls of the dice to win the BIG PRIZE, an airplane.

In addition to the small, single engine aircraft - which, she confesses, they will probably not keep - the Village Clerk won a Buick Apollo hatchback car and a motorbike. (Mayor Robert Wilton has already told her that she can park the motorbike in his office, where she now parks the bicycle that she sometimes rides to work.)

Meanwhile, husband Joe was back at the hotel, unaware that his wife was out putting him in another tax bracket. Can anyone blame him for being a bit skeptical when she returned with the news?

"The Dealer's Choice" is aired locally at 7:00 p.m. over Channel 9. Marilyn reports that the segment that she is on will be shown sometime within the next two or three weeks.

On the recommendation of Village Engineer Frank Angelotti, the Village Board voted Monday night to reject all bids on the Oakwood Knolls storm sewer project. The Village will re-advertise for bids to be opened March 18.

Ten firms had submitted bids for the work which were opened two weeks ago. However, the low bidder, W.H. Lyman of Palatine, was still in the process of getting the required State qualification at that time, and the trustees voted to delay awarding the contract. In the meantime, Angelotti made a slight modification in the specifications for the job.

Angelotti told the trustees that there might be a hang-up in getting State Motor Fuel Tax money for the project because of Lyman's lack of qualification at the time of bidding. Also, he said, if the contract were awarded to the second-low bidder - whose bid was \$5,500 more than Lyman's - the Village would have to accept whatever additional charges the contractor made for the revised work.

On another matter, the trustees voted to instruct the Zoning Board to hold a public hearing on the petition of Waste Management for rezoning on property they own between the

industrial park and Little Silver Lake. Waste Management wants to use the area for disposal purposes.

Their petition was submitted in November; however, because of questions raised by the Planning Commission, a hearing was never scheduled. Meanwhile, Village Attorney Andrew Lynch negotiated an agreement with the officials of Waste Management. When he presented this for approval at Monday's meeting, Village Clerk Marilyn Sterbenz pointed out that no hearing had yet been held. The trustees agreed to set aside Lynch's proposal until after public testimony could be received.

Trustee Arnold Weber read a suggested ordinance governing the posting and removal of temporary signs and posters in the Village. Basically, the law - if enacted - would set a limit of 30 days for display of such signs and would require their removal within 10 days after the event. A deposit would be charged to insure removal of the signs; if the signs were not removed within the time allowed, the Village would keep the deposit and have the signs removed by Village crews. Garage sales and rummage sales would be exempt from the

fee. After much discussion, the proposal was returned to committee for further consideration.

Building Inspector Walter Delaney exhibited a preliminary drawing for a proposed Ace Hardware store to be located on the south side of Route 173, between Hillside Avenue and Route 59. Trustees discussed what they would like to see done with regard to sewer and water services. Delaney and Angelotti were directed to work with the Building Code committee and the engineer for the property owner in preparation of a definite plan for the site.

Dissatisfaction was expressed by Trustee Mike Haley with the practice of "executive sessions" in Zoning Board hearings. Haley complained that this seemed contrary to the law requiring that meetings be open to the public.

Attorney Lynch concurred that there seemed to be no ground for the Zoning Board action. The petitioner and any objectors, Lynch said, should be present to hear any discussion and voting.

On Haley's motion, the trustees agreed to direct a letter to the Zoning Board, asking them to abide more closely with their by-laws in this matter.

Lakes Commission lists problems

The Chain-O-Lakes Study Commission met Friday, March 1, to discuss the problems which face them concerning the area recreational feature. By the end of the afternoon, the eight commission members present had narrowed an original list of seven problems to four.

Flooding, it was agreed, is the number one problem of immediate concern. Richard Gremley, a developer for Liesure Technology, cited a 1971 State report which claimed that flooding is "not a serious problem" on the Chain.

"For that statement to go uncontested," Gremley told the other Commission members, "would be a failure of our responsibility."

There followed an extended discussion of the attitude of the State of Illinois toward the Chain. Rep. W.J. Murphy, who guided the bill creating the Commission through the legislature, had stated previously that, in his opinion, the State has treated the Chain as "an orphan."

Murphy's son Jerry, who is his administrative assistant, told of his study of the attitudes of various State divisions concerned with the Chain.

"The biggest problem the Commission faces," he said, "is the Department of Conservation's attitude toward the Chain." That Department,

according to Murphy, has generally resigned itself to the eventual demise of the Chain and opposes taking any corrective measures.

He reported on a conversation he had had with former State official John Guillou, who told Murphy that the Department of Conservation is constantly fighting with the Division of Waterways over the respective interests and goals of each with respect to the Chain.

The Division of Waterways, Murphy said, has long held that the Chain should be preserved,

and has put an item in its budget each year for at least maintenance dredging. Every year, he continued, the Bureau of the Budget strikes this item because of the attitude of the Department of Conservation.

"The people in long-range planning (in the Department of Conservation) generally do not change, even though there is a change in State administration," Murphy added. Thus, the 1971 report cited by Gremley, he said, is still the basic policy of

Village officials discuss Young petition tonight

A "summit meeting" of sorts is scheduled for 8:00 tonight (Wednesday) at the Village Hall to discuss the petition of Harold and Alice Young for multiple-family zoning for property they own at and behind 701 Main Street.

The Zoning Board of Appeals, through their president, Grant Spong, requested a meeting of the Planning Commission, the Village Board, professional planner Bruce Christensen, and

themselves to discuss the case. The Young's petition has been pending since last September.

At a meeting on February 26, the Zoning Board reportedly was unable to reach a decision on the petition. Sources close to the matter indicated that members of the Zoning Board are not satisfied with a Planning Commission recommendation, based on Christensen's advice, to deny the request.

TOP FANS. Varsity basketball coach Roger Andrews presented corsages to the three girls chosen as Basketball Fan of the Year before Friday night's season final against Warren. LAKE'S STUDY COMMISSION. Members of the Chain-o-Lakes Study Commission discuss some of the major problems of the area recreational attraction. Shown (clockwise from foreground) are: Secretary Rita Zeleny of Highland Park, Chairman Bill Brook of Antioch, Richard Gremley of Leisure Village, Vice-Chairman State Rep. John Matijevich of North Chicago, State Rep. W.J. Murphy of Fox Lake, and State Sen. Karl Berning of Deerfield. (Staff photo)

Lakes Study Commission Lists Problems

Continued from Page 1
 the Department.

Though there was some differing of views as to the strength of any statement that should be made on the matter, the Commission members agreed that the policy of the State would be the key to the future of their efforts and of the Chain itself.

The other problems listed by the Commission include: the need for interstate and federal participation in solving the problems of the Chain; the restoration of the Chain as to recreation, ecology, and water safety; the need for adequate funding to do the work necessary.

Regarding financing emergency measures, Rep. John Matijevich of North Chicago

suggested that the money raised through boat registration fees be allocated to the Department of Conservation. Most of the one million dollars raised annually from this source, Matijevich said, would be applied toward the Chain.

Rep. Murphy called to mind the problem of bogs breaking loose on the Chain, because of high water levels, blocking channels and endangering boaters. This would be one area, he said, where funds could be used on an emergency basis.

Matijevich reminded the legislators on the Commission that a measure such as he was proposing had passed the House, but had been blocked in the Senate.

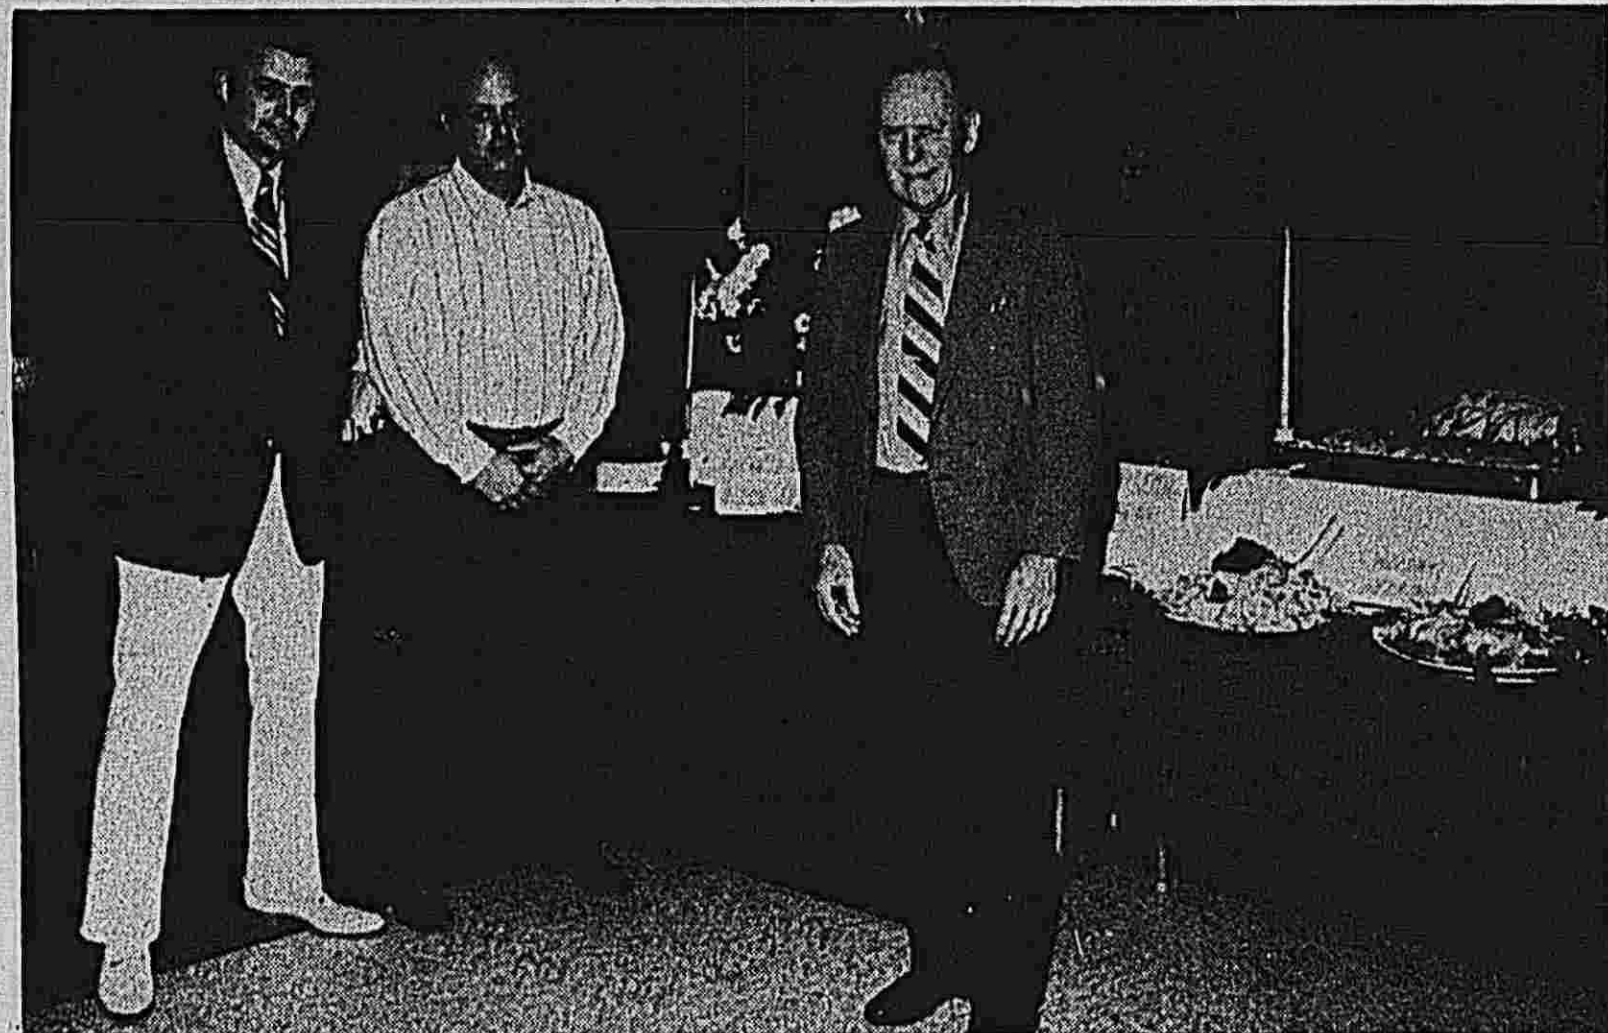

The Commission then went on record in support of the House bill that had been defeated in the Senate. They further

directed Murphy and Sen. Karl Berning, also a Commission member, to introduce resolutions into both houses of the legislature recommending passage of this bill.

Having listed what they considered the most serious problems facing the Chain-O-Lakes, the Commission then decided to invite the State officials concerned to their next meeting.

"We can then hear with our own ears what the policy of the State is," Rep. Murphy said.

Anthony Dean, director of the Department of Conservation; Leo Eisel, director of the Division of Waterways; and John Guillou will be asked to appear on March 15. The meeting, which will be open to the public, will be held at the new Fox Lake Village Hall, on Route 59.

WILD GAME DINNER. John Deutsch (center), owner of The Dutchman Restaurant, shows part of the spread for the annual Lions Club Wild Game Dinner to president Dave Bushing (left) and secretary-treasurer Vic Filip. The menu for the feast was devised by Bill Brook and executed by Deutsch and his chef Pete Shaab. Among the many items served were marinated raccoon, rattlesnake (chunk-style), buffalo roast, caribou, roast duck, wild grouse, and venison stew. (Staff photo)

Flash!!! Bargain hits Antioch with a purpose

REMEMBER THE FIFTIES the Andrew Sisters, saddle shoes, Elvis Presley and an elegant evening of dinner and dancing for \$25.00.....Well, the Antioch Mental Health Association will offer you an exciting evening out on the town May 4th for **ONLY \$25.00 per couple.**

THE FIFTIES 1974 VERSION will be held at Henrici's O'Hare Inn in the Grand Ballroom. There will be flowers for all the lovely ladies, delicious hor d'oeuvres, followed by dinner consisting of wine, fresh fruit, roast, prime rib, au jus, mixed green salad, baked potato with sour cream and chives, vegetable with hollandaise sauce, rolls and beverage, with

chocolate mint parfait for dessert. To finish off the fabulous evening there will be dancing to the Lou Brownie Attraction.....Johnny Belmont with his 8 piece orchestra.

All this can be offered to you because of the generous support the A.M.H.A. receives from its friends and the Antioch merchants. A special thanks to the State Bank of Antioch for its donation of the orchestra and flowers for the ladies and to the First National Bank of Antioch for donating the hor d'oeuvres.

For further information, contact Cathy Cirone at 395-0628 or stop in at the State Bank of Antioch or the First National Bank to purchase your tickets.

Mark your calendar now..... May 4th, the Ninth Mental Health Cotillion. IT'LL BE A NIGHT TO REMEMBER.

Eric Bolander is low bidder on Lake Villa highway widening

The Eric Bolander Construction Company of Libertyville is the apparent low-bidder for the planned widening and resurfacing of Routes 83 and 132 within the Village of Lake Villa.

A spokesman for the Lake County Highway Department said Tuesday (March 5) that Bolander's bid was \$1,175,162.95. He added that the County Board will consider the bids at its March 12 meeting.

The project involves the widening to four lanes of Grand Avenue (Route 132) from the east Village limits to the

intersection with Route 83. Milwaukee Avenue (Route 83) will be widened from that intersection north to approximately Petite Lake Road.

Village Clerk Charlotte Wagner predicted that, unless the bids are way out of line, the construction should be underway by early Spring. Mayor Ted Nielsen said that it is his understanding that the remaining section of Grand Avenue from Lake Villa east to Route 45 will be widened to four lanes eventually.

MORE GASOLINE FOR AREA

Complaints of gasoline shortages in the northern tier of Illinois counties have resulted in substantial additional gasoline allocations for Kane, Lake and McHenry Counties. In cooperation with motorists, service station operators, and local officials, Congressman Robert McClory (R-13th District, Ill.) has received assurances from the Federal Energy Office that most of Illinois' additional 31 million gallons of gasoline will be distributed throughout the gas-starved

counties west and north of Cook County.

Following conferences in Washington with John Weber, Assistant to FEO Administrator William Simon, and with the Office of the Regional Director in Chicago, George Delegianis, and his assistant Laddie Vitek, the gas squeeze began to ease in this area.

Additional gasoline began to move from suppliers to service stations over the last weekend. According to Congressman McClory, an additional 1 million gallons of gasoline -- per day -- has been approved for supplying Northern Illinois -- until further notice. This should increase individual station allotments by about 10 percent.

Congressman McClory expects that this should reduce lines of cars at area gas stations. In addition he has suggested cooperation of motorists to avoid "topping off" with minimal gas purchases.

Waukegan Mayor Robert Sabonjian, and Elgin Mayor William Rauschenberger, and other municipal leaders in the 13th District, are giving active consideration to various community-wide proposals. Mayor Sabonjian hosted a meeting of service station operators on Monday.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

Dear Mr. Rush,

We would like to express through your paper our gratitude to all the people who labored so long and hard at the Antioch Grade School P.T.A. Fun Fair on Sunday, 24th February, 1974.

The bills have been paid and we show a profit of \$1,100. That large sum makes the sore legs and aching backs worthwhile.

Without the help of the parents and the generous gifts from our local merchants an event like this would be impossible. Now more library and physical education equipment can be purchased and the children of Antioch will benefit.

Thank you.

Antioch Grade School Staff
and P.T.A. Executive Board

We don't like this RTA

(Part 3)

Much has been said, one way or another about the Regional Transit Authority that is the subject of a referendum to be held in conjunction with the Primary Elections, March 19. In the long run, we could support an RTA -- if we in Lake County could be assured of deriving some proportional share of the benefits of the additional taxes we would pay. But such does not seem to be the case.

A section of the law would appear to indicate that we would get some of that money back, but this is open to serious question. That section (4.01) states: "The Board shall allocate an amount to be used for the provision of public transportation facilities and services to each transportation area such that the amount so allocated to each area equals at least two-thirds of tax receipts from such area from taxes imposed by the Board." All of Lake County is one "transportation area."

That section, because of the way it is loosely written, could be interpreted to mean that two-thirds of the funds collected in Lake County would be used to provide public transportation TO Lake County, not necessarily WITHIN Lake County.

Note, too, that the bill specifies that the only tax receipts covered by this ill-defined two-thirds rule are those "imposed by the Board." This eliminates the \$80 million from Sales Tax, \$16 million from Chicago auto license fees, and \$5 million from the City of Chicago.

From the \$171 million in revenue expected for RTA, only \$70 million could be covered by the two-thirds rule. Moreover, we are assured that the \$15 million Parking Tax is meant only for lots in Chicago, so we don't need to expect any benefit from that.

We are left with \$55 million from the Sales Tax on Motor Fuel to be allocated on a two-thirds basis. This figures to about \$8 a year for each of the 7 million people in the RTA area. On this basis, about \$3 million would be collected in Lake County.

If we can trust the Cook County dominated RTA Board to interpret this section of the law in the way most favorable to Lake County, we might still expect only \$2 million to be allocated for transportation TO our county. How much of that amount would be required simply to meet the deficits of the commuter railroads?

There is just no adequate guarantee that we would be doing anything except continuing to pay to bail out the City of Chicago. That kind of guarantee we can do without!

Legislators tell views on RTA

EDITOR'S NOTE: The ANTIOCH NEWS has requested our 32nd District legislators to comment on the upcoming RTA referendum. Republican Majority Whip W.J. Murphy and Democratic Minority Whip Daniel M. Pierce both submitted statements in support of the measure. These statements appear below. Senator Karl Berning and Representative Donald Deuster, both Republicans, are urging "No" votes. Their statements will be published next week.

The Facts about RTA

by: W.J. Murphy

As Legislators, we were confronted with the problem of continued outright subsidy of the CTA from General Revenue or attempting to find a solution to the problem. Outright subsidy would mean we would

all share in paying and derive no benefits.

The Republican Leadership made eight demands:

1. Control of the Board to follow the Supreme Court edict of one man - one vote.
2. A referendum.
3. No tax on utilities.
4. Two-thirds of the revenue raised in each county to be used for transportation in and to that county.
5. Chicago to make a direct contribution.
6. A portion of sales tax we now pay should be used.
7. No wheel tax (because we have more cars per capita in our area than does Chicago).
8. The Governor to restore the 79 million dollars slashed from Road Improvement program.

There are several confused and disgruntled Legislators who

are performing a disservice to the people by exaggerations that are untrue and ridiculous -- such as the statement, "you may be taxed for parking your car in your own driveway." They heard the debate -- the debate is in the record -- this is a ridiculous lie!

The revenue will come from a share of the sales tax you now pay; by taking \$14 from each auto license purchased in Chicago - not here; by a parking tax on inner city, mainly downtown, parking lots -- not here -- not cars in your driveway! Five million is to be contributed from the revenue of the City of Chicago -- not here!

The Board does have the right to put up to a 5 percent sales tax on motor fuel. If you use 20 gallons of gas a week you would be contributing approximately 55 cents per week or 28.60 per year. Of this amount, 2/3 would have to be used for transportation in or to our county.

The Legislature is in almost continuous session and is there to correct any inequities in this or any other law. It is your watch dog. This is what it is there for.

With the 8-man board as it is set up, the City of Chicago has 4 members, each representing 887,601 persons - Cook County suburban people get 2 members, each representing 1,062,706 persons -- the surrounding five counties get 2 members, each representing 745,289 persons. So, actually, on a one-to-one basis as the Supreme Court has ruled, we are better than equally represented.

The immediate benefits will be on the Commuter Railroads, which are certainly essential to Lake County. Hourly service will be installed -- rates will be regulated or lowered -- transfers to other methods of transportation will be installed. New equipment will be purchased and, most important, it will not be discontinued.

Distressed bus companies will be aided, or purchased -- new bus lines will be installed -- special mini-bus service for the aged and handicapped. Dial-a-Bus service will be installed --

hourly bus service to and from areas of 4,000 people -- better station facilities and proper police protection on all equipment.

I am not telling anyone how to vote on the RTA issue. I merely want the truth told -- not lies -- not scare stories! We solved the problem confronting us in the Legislature in the best fashion we could.

That's the proposition - how you vote is up to you!

RTA would allow Suburban Transit Improvement

by: Daniel M. Pierce

I favor the passage of the referendum creating the Regional Transit Authority for the six-county Chicago Metropolitan area. The RTA Bill, is a compromise worked out on a bi-partisan basis after over a year of controversy in the

General Assembly. The Bill, with the unanimous support of the Republican and Democratic leadership, both in the Senate and the House of Representatives, was passed by greater than the required three-fifths vote in each house and was signed into law by Governor Walker.

I have long been convinced that public transportation is a necessity to keep our metropolitan area economically healthy. Public transportation can no longer be supported from the fare box alone. This has been the experience throughout our country. The Regional Transit Authority is a vehicle under which substantial Federal and

REMEMBER TO
VOTE!

Mel Knirsh : Still a student, still learning

The Antioch Township Library is probably the only such institution in the country with a college student as president of its Board of Directors.

Melville C. Knirsch, a resident of the Grass Lake area, was elected to the office last week. He had served on the board since May of 1972.

While Mel has been Home Improvements Manager for Montgomery Wards in Waukegan for 8 years, and worked before that for the Air Temp division of Chrysler Corporation, he is also actively pursuing a course of study in Police Science at the College of Lake County. At the end of the current semester, he will have 33 hours of credit from CLC. By Christmas, he says, he will have taken every course that the college offers in the field, leading to an Associate degree.

Why would a successful businessman suddenly take up a course of study so unrelated to his life's work? For Mel, it is a long story, going back to his son's graduation from the University of Illinois.

About seven years ago, since both his son and his wife - the former Roberta Selter - had attended the U of I, Mel became involved in the University Dads' Club. Soon he was Lake County chairman of the organization and receiving requests for information or advice from all over the county. In this effort, he says, he met more and more young people and became interested in them and their problems.

"I discovered how much I didn't know," Mel admits. But, he adds, he kept himself open and continued to learn.

Eventually he volunteered his services as a Probation Aid for the Nineteenth Judicial Circuit adult probation program. As a volunteer, he is not required to work with hardened felons, but is involved with those convicted of lesser crimes.

That was three years ago, and though, as a volunteer, he is not officially on any payroll, Mel says that he has individuals referred to him not only from the Antioch area and all over Lake County, but from Cook and McHenry Counties, also.

"The more I got involved, I again found that I really didn't understand," Mel comments. "I thought possibly the police were entirely wrong, and everybody I talked to was innocent."

So he decided to study the matter more thoroughly and

entered into the Police Science program at CLC.

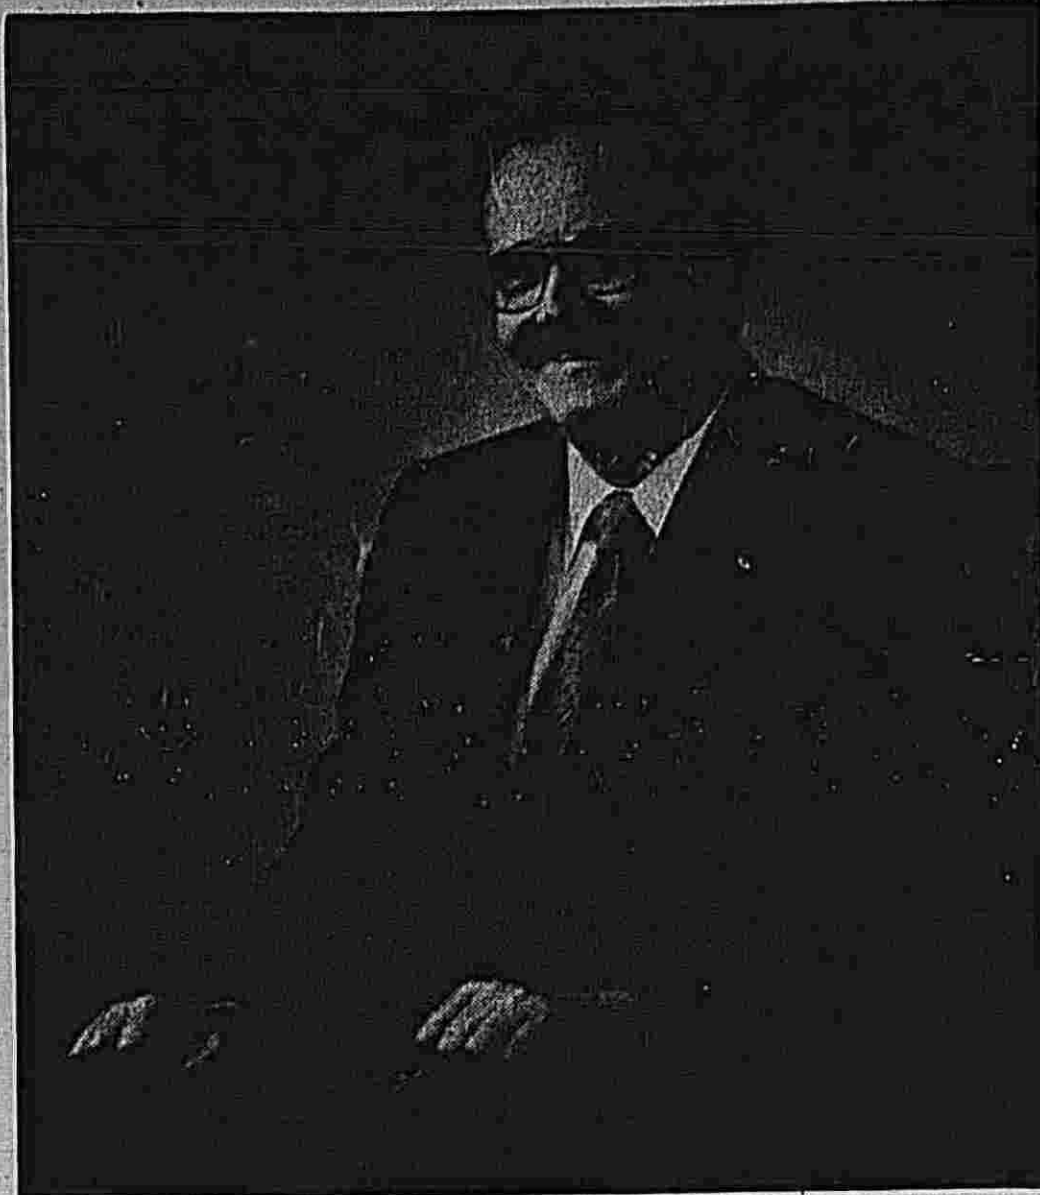

His involvement as a Probation Aide has taken Mel Knirsch down quite a different road from what he must have envisioned for himself as a youth in New York, or as a student at the College of William and Mary in Virginia. As he would put it, "It's been a different scene."

That scene has been enacted in homes and apartments, in houses of ill repute, and in the Halfway House on Utica Street in Waukegan. He describes himself as "a man who is not basically afraid to go anywhere."

"I'm getting really heavy for an amateur," he states. "Though, am I really that much of an amateur?"

That is the point of all of his study, Mel reveals - to achieve the formal recognition that will allow him to speak and write as one who knows what he is talking about. Not recognition for the sake of people knowing what he is doing, he says. But, Mel adds, he feels that one is not accepted in this field unless he has a string of initials after his name.

His plans are to complete the Associate degree in Police Science. Combining this work with his previous courses from William and Mary, he hopes to earn a Bachelors degree in the

Melville C. Knirsch

field and then go on for a Masters.

"Basically, the education pattern I'm still after is no more than to be able to give advice to people," he states. Eventually, he adds, he wants to write on the subject, too. He has already done several short articles for the newsletter published for the volunteer Probation Aides, including one on the legalization of cannabis and one on plea bargaining - both of which he favors.

What kind of advice does he give?

"My normal advice is the old ways put into new language," Mel reveals.

The "old ways" seem to be working for those whom Mel Knirsch has helped. So far, he points out, none of the people he has helped have gotten in trouble again.

He says: "I get long distance phone calls thanking me from time to time; (people saying) 'We made it, and he's OK, and he's out working.' I've earned a million dollars that way, you know; it's my 'pay'."

NIPC wants more testimony on Regional Sewer Plan

The Northeastern Illinois Planning Commission (NIPC) will hold another public hearing on the proposed Lake County Regional Wastewater Plan, Northwest Service Area, that will service the Antioch-Lake Villa-Fox Lake-Round Lake area.

The hearing is set for 2:00 p.m., Wednesday, March 27, 1974, in the Village Hall, 301 South Route 59, Fox Lake.

The plan calls for the construction of interceptor sewers connecting the existing plants at Antioch, Lake Villa and Round Lake to an enlarged treatment plant at Fox Lake. Treated effluent from the entire area would be discharged into the Fox River.

The Lake County Department

of Public Works and the Village of Fox Lake have submitted a joint application for Federal and State grants covering Phase I of this proposed regional system. That application recently was listed as a high-priority item by the Environmental Protection Agency.

At a public hearing last October, a number of McHenry County residents expressed concern over the discharge of treated effluent into the Fox River and its impact on flood flows and water quality standards.

Testimony will also be received concerning the elimination of an interceptor sewer from the plan which would have extended to the west side of

Channel Lake. NIPC engineers recommend that, because of the desirability of retaining this area for open space purposes, this service should be extended by means of local sewers.

On the other hand, NIPC suggests that an interceptor sewer should be added to the plan, to serve the area south and east of Grass Lake.

A Transition Plan and Program, covering the phasing of the project and the respective responsibilities of the local units of government, has been prepared by NIPC. A written analysis describing the environmental impacts of the proposed actions is also included.

Copies of this document are being distributed to interested persons and agencies.

Forest Preserve District conducts Opinion Survey

The Lake County Forest Preserve District is mailing 10,000 opinion survey forms to randomly selected Lake County residents in an effort to determine the preferences of Forest Preserve Users.

The questions deal with the land acquisition program, development, and activities.

District officials are optimistic with reference to percentage of return. Special Assignments Committee Chairman Stanley Pekol, Waukegan, indicated in a WKRS news interview that "a 10-20 percent return is typical for this type of survey, but we expect 50 percent."

The questionnaire was prepared by the Special Assignments Committee with assistance from the University of Illinois Parks and Recreation Extension Service.

Care Of Mongolian Gerbils

The Mongolian Gerbil (jurrill) is a small, bright-eyed rodent similar in color and appearance to the Golden Hamster. Gerbils weigh usually less than 3 ounces and very in length from 3 to 4 inches. Coloring is a soft golden red with white to beige shading on the underside. Gerbils were first developed for scientific research from the dry, sandy regions of Asia, Africa, and lower Russia. Despite this arid source Gerbils are very adaptable to our climates. A temperature range of 60 to 80 F. is best for your pet's comfort.

When you purchase your pet you should consider a mate as Gerbils are a social animal and happier when paired. Leave the male and female together. Separation is seldom necessary; even during gestation and nursing periods. Gestation period is about 24 days with maturity reached at about 3 months. Litters are weaned at about six weeks.

Environment: When selecting a cage you should follow the specifications suggested for hamsters. Another satisfactory housing unit is an aquarium with a removable hardware cloth cover. Use a hamster watering bottle if possible rather than a dish.

Gerbils prefer a basic dry mixture of grains and seeds. Avoid large quantities of soft foods. Sunflower seeds and peanuts in particular are preferred by these animals.

Use a Hamster Litter or Cedar Flakes as a cage base and bedding material; changing litter as necessary (twice a week).

March is Proclaimed DISASTER PREPAREDNESS MONTH

In keeping with Governor Dan Walker's Proclamation naming March as DISASTER PREPAREDNESS MONTH in Illinois, the Antioch Civil Defense is reviewing the disaster plans for Antioch and the surrounding communities.

Edward Frazier, Director of the Antioch Civil Defense, asks each family in Antioch to take a few minutes now to review family disaster plans and tornado safety rules. Think about the safest spot in your home during a tornado. Where should you go in your office building, plant or school? Review safety plans with each member of your family. Copies of the tornado safety rules are available from the Civil Defense office.

Remember, tornadoes occur at any time of the year, but more frequently in the spring when large contrasts exist between warm air from the south and cold air from the north; and in the middle and late afternoon when the warm day is at its warmest. They can occur at any hour of the day. They have occurred in every state of the union.

The most death-dealing series of tornadoes on record occurred during the late afternoon on March 18, 1925, in portions of Illinois, Indiana, Missouri, Kentucky and Tennessee. Eight separate and distinct tornadoes were observed. One of these killed 689 persons, injured 1,890 and caused more than 16 million dollars in property damage. The other seven tornadoes of the series increased the total loss of life to 740 and contributed significantly to the total casualty and property damage.

The outbreak of 37 tornadoes on Palm Sunday, April 11, 1965, killed 257 people and injured over 5,000 persons in Illinois and other midwestern states. Associated property losses were in the millions of dollars.

Last year Illinois had a record number of tornadoes - 58. However, no loss of life was reported.

Director Frazier reminds citizens that a tornado WATCH means tornadoes are expected to develop. The weather conditions are right.

A tornado WARNING means a tornado has actually been sighted or indicated by weather radar. Remember to keep a battery-operated radio or television set nearby and listen to further advisors.

TORNADO SAFETY RULES FOR INDIVIDUAL ACTION:

IN OFFICE BUILDINGS, go to an interior hallway on the lowest floor, or to the designated shelter area.

IN HOMES, the basement offers the greatest safety. Seek shelter under sturdy furniture if possible. In homes without basements, take cover in the center part of the house, on the lowest floor, in a small room such as a closet or bathroom, or under sturdy furniture. Keep some windows open, but stay away from them.

IN SHOPPING CENTERS, go to a designated shelter area (NOT to your parked car).

IN SCHOOLS, follow advance plans to an interior hallway on the lowest floor. If the building is not of reinforced construction, go to a nearby one

that is, or take cover outside on low, protected ground. Stay out of auditoriums, gymnasiums, and other structures with wide, free-span roofs.

IN OPEN COUNTRY, move away from the tornado's path at right angles. If there is not time to escape, lie flat in the nearest ditch or ravine.

MOBILE HOMES are particularly vulnerable to overturning during strong winds and should be evacuated when strong winds are forecast. Damage can be minimized by securing trailers with cables anchored in concrete footing. Trailer parks should have a

community storm shelter and a warden to monitor broadcasts throughout the severe storm emergency. If there is no shelter nearby, leave the trailer park and take cover on low, protected ground.

TORNADOES ARE ONLY ONE OF A THUNDERSTORM'S killers.

LIGHTNING IS THE WORST KILLER. Stay indoors and away from electrical appliances while the storm is overhead. If you are caught outside, stay away from and lower than high, conductive objects.

THUNDERSTORM RAINS cause flash floods. Be careful where you take shelter.

'KING OF FLEET'. This \$100,000 41-ft. Concorde double cabin flying bridge yacht has been named "King of Fleet" at Chicago Boat and Sports Show, March 8-17, at McCormick Place. Equipped with latest electronic instrumentation, the vessel features more than 350 sq. ft. of unobstructed living area. Model, one of about 20 to be shown by Trident Marina, Kenosha, Wis., is among some 500 vessels in this year's colorful show.

High School to expand Learning Program

Superintendent Warren Polley told the Antioch Community High School board Thursday night that the school intends to expand its Learning Disabilities program for the next school year.

The program attempts to meet the needs of students regularly enrolled at the school who require some special help. The service is actually provided by teachers from the Special Education District of Lake County (SEDOL) on a contractual basis with the local school district (No. 117). The program offered by SEDOL includes not only teachers, but additional supportive services, such as testing and counseling, Polley said.

The Superintendent reported that for the current school year ACHS is "purchasing" the equivalent of one day per week from SEDOL, though the Special Education teachers actually come to the school on a varying schedule. This service

is costing District No. 117 about \$2,600 this year, Polley added, but pointed out that \$1,000 of this will be reimbursed by the State.

Next year, Polley recommended, the school should contract for the equivalent of two-and-a-half days per week, to meet the increased need for services of this kind.

Principal Art Blecke proposed that the \$25 tuition charged in the past for summer school be dropped this year. He said that studies indicated that last summer State Aid payments would have covered all but \$17.20 of summer school costs. Dropping the tuition charge, Blecke said, would probably result in a larger enrollment in the program this summer, bringing a greater amount of State Aid.

The Board agreed to a request from the Antioch Little League program to again use the high school fields for Babe Ruth games this summer. Polley suggested that the school, in

turn, request use of the Little League field for the girl's softball program next year. The high school, he said, does not have adequate facilities for both boys and girls to be practicing at the same time.

Business Manager Ken Wierschem told the Board about some of the problems of ordering equipment and supplies. The situation is "dismal," he said, with regard to prices, shortages, and the like.

The Board voted to rent a Xerox copying machine for the school, to replace the present machine. The new copier, it was determined, would produce better copies at less cost.

They also approved a contract with the National Towel Service at a cost of \$6 per student. This charge is included in the students' fees. While the cost is a dollar higher than the current year, Wierschem said that this was likely the only bid the school would receive for the service.

OSHA Training Session Offered

The National Safety Council, under a contract with the Department of Labor, is presenting several courses concerning the Occupational Safety and Health Act of 1970.

The OSHA Training project will present a one day Orientation Class in Antioch on Tuesday, March 19, 1974 at the Arbor Resort. Registration will be limited to one hundred per day; however, if needed, another will be scheduled on the 18th.

HOURS - 9:00 a.m. to 4:30 p.m. Coffee and rolls will be available from 8:00 a.m. Arrangements have been made to serve lunch at 12:00 noon. Price of the buffet is \$3.50.

The class and course materials are FREE to anyone who wants to know more about OSHA. Please spread the word; it's to everyone's advantage to know how this law affects them.

Area Bankers

to hold Annual Meeting

Group 3 of the Illinois Bankers Association will conduct its annual spring meeting on Wednesday, March 13, at the Sheraton-Oakbrook Motor Hotel. Details of the meeting were announced by Laurence Henning, Group president, and president, Yorkville National Bank.

Group 3 includes 149 member banks in Boone, Cook, DeKalb, DuPage, Kane, Kendall, Lake and McHenry counties.

The one-day meeting will begin with a business session at 4:00 p.m. Among the activities to take place during the session will be a discussion of the proposed revision of the IBA's Constitution and By-Laws and the election of Group 3 officers for the 1974-75 fiscal year. Following the business meeting, a reception and dinner will be held. James P. Ghiglieri, IBA president and president, Citizens National Bank of Toluca, will be on hand to extend greetings. Featured dinner speaker will be Charles "Chuck" Hanna, well-known humorist from Chicago.

Over 500 bankers and their guests are expected to attend.

This is available for you and/or your employees.

A National survey shows some of the most frequent violations are found in retail organizations. Improper stock storage, inadequate wiring; sprinkler head blockage; poor housekeeping; improper fire extinguishers; inadequate protective equipment; unsafe use of powered industrial trucks; and fire exit blockage. How do your facilities look?

Find out more about this informative, FREE program. Read the enclosed registration form and return it to the:

Antioch Chamber
of Commerce & Industry
P.O. Box 293
Antioch, Illinois 60002

Any questions, call the Antioch Chamber of Commerce & Industry at 395-3381.

Reservations must be made by March 11, 1974.

Human Resource Workshop planned

A personal growth and people awareness workshop whose aim is to provide an enrichment experience for people interested in working with others will be held on Saturday, March 9, 16 and 23. There will be a blend of informational exchange and personal growth work with the major emphasis on interaction, discussion and expansion of each participants personal resources.

The workshop will be limited to an enrollment of 30. There will be teenagers starting towards a peer counseling program, parents interested in improving communication with youth, aides and teachers working with special programs for problem youth, college students with interests in psychology and education, and people working as volunteers with child care institutions or

with special youth programs.

Instructors for the workshop are: T.E. Smith, Ph.D., Psychologist, Director of the Antioch Humanistic Society; Jason Brody, M.S., Psychologist, Center for Child and Family Studies, Arlington Heights; P.D. Bailey, M.S. Director of the Lakes Area Gymnastic Club; Fred DeGrazia of the Lake County Drug Abuse Commission and former outreach street worker in New York.

Participants must enroll for all three Saturdays. Total fee for the three sessions is \$20.00 and must be paid in advance. Sessions will run from 10:00 a.m. to 10:00 p.m. If interested enroll at the Antioch Humanistic Institute or call 395-5701. Anyone age 15 or over may enroll.

Antioch Shopping Plaza - Antioch, Illinois

Along the Way with *Annie Mae*

BOY MARILYN! You sure did it this time - and to think nobody would believe you. Really came home a winner from that Las Vegas trip - now as for the taxes.....

Antioch is full of winners this week - Angle Maras won the district judging in the Spadea Sewing Contest sponsored by the Illinois Federation of Woman's Clubs. She'll compete at the State judging to be held sometime in April. Her garment this year was made from material she won for winning the district contest last year. Good Luck Ang! Sure hope you win the final contest.

Hey Deb, you missed the deadline by 2 minutes! Our very special congratulations to Debbie and Kevin Kelly on the birth of their first child. Bursting their buttons this week is the whole William Herbert family and grandma too.

Congrats are in order to George and Irene Hahn also on the birth of their third son on March 1. Boys are it this week!!

The Rescue Squad held their Ladies Night Dinner-Dance last Saturday evening at Andres in Richmond, Illinois. Honored guests were retired members and their wives. These men represented many years of service on the squad and some were charter members. Hats off to Herman Holbeck, Einar Petersen, Hank and Ken Rentner, Ernie Westland, Walter Scott, Lloyd "Red" Murrie and Marv Heath. (Hope we didn't miss anyone!)

Mark your calendar for May 4th, that's the date for the Ninth

Legislators tell views on RTA

Continued from Page 3

State funds for operating deficits can be obtained. If we do not create the RTA, all of these funds will go to the Chicago Transit Authority and there will be no improvement in suburban transportation. I worked hard to make sure that there was no authority in the Regional Transit Authority Act for either a real estate tax or an income tax on the people of the six-county area for support of the authority. On the other hand, \$80,000,000 from the State's General Revenue Fund will come into our area for public transportation as will an additional \$16,000,000 from the State Road Fund, which is measured by the first \$14 of license plate fees from the City of Chicago only.

The Lottery Bill was enacted to replace the State's share of the general revenue going to our six-county area for public transportation. In addition, Chicago and Cook County must contribute \$5,000,000 per year to the RTA. There is no requirement on any of the other counties to do this. I therefore feel that the RTA proposal, although a compromise, should be supported. It will preserve our existing public transportation and give us the opportunity for additional transportation in the suburban areas where it is needed.

Annual Mental Health Cotillion sponsored by the Antioch Mental Health Association.

Doc Warner and his family are just back from a skiing trip to Colorado.

Our congrats to our traveling college student, Taffy Englehardt, who is planning a summer wedding.

Birthday wishes are in order this week to Dorothy Barnstable who celebrates on the 7th, to Florence Thomas on the 9th and to Collette Quinn, Barb Mitchell

and Joe Gutowski who celebrate on the 10th.

Lots going on in town this Sunday - the Grass Lake School Fashion Show at 2:00 p.m. and the UMYF Chili Dinner at the Methodist Church from 5 - 7:30 p.m.

Save Your Paper, Catalogs, etc. The 8th grade class from the Upper Grade Center is collecting paper to help finance their graduation dinner party in May. Give it to any 8th grade student, or call 395-1905 for pickup.

Good Luck to the Sequoias as they enter the McHenry Tournaments.

See ya,
Annie Mae

Arrest three in attempted sign heist

Three young men were arrested by Antioch police early Thursday morning, after they were discovered trying to remove the stop sign at Tiffany Rd. and Route 173.

The men are identified as Reinhardt Ulrich, Karl H. Ulrich, and Roger D. Privitt. Officer Harold Mason reported that he saw their vehicle stopped at the intersection with its emergency flashers operating. When he arrived to investigate, he said, he observed the three pulling on the sign post, as if to remove it.

After Mason had detained the three, he and Officer Richard Good, who had arrived to assist, were informed by the dis-

patcher of a vandalism complaint from a nearby apartment building.

The complainant there told Good that she had heard a noise from outside and, when she looked out the window, had clearly seen a young man looking back at her. She later identified Reinhardt Ulrich as the person she had seen outside her window.

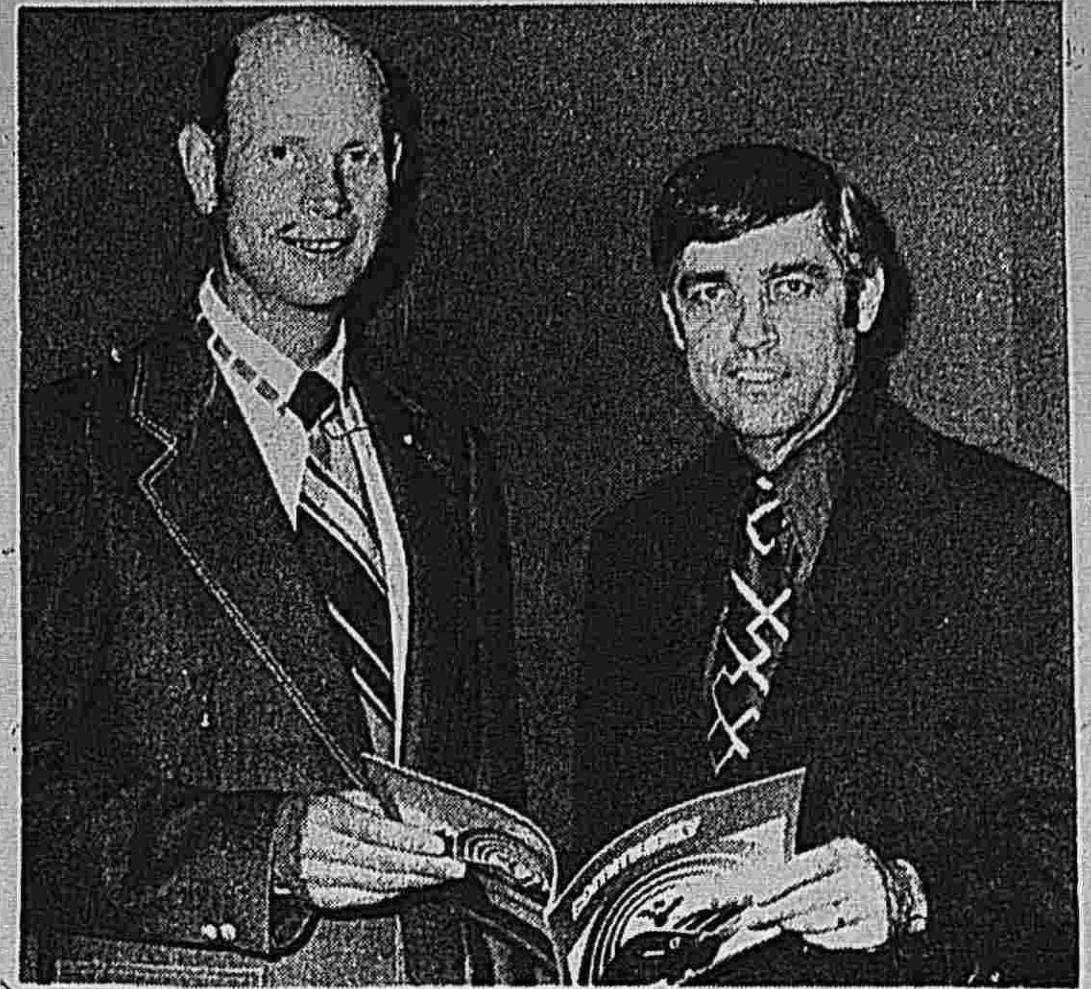

Upon investigation, Good found three cars, belonging to residents of the apartment building, that had been vandalized. Damage included broken antennas, broken wipers, smearing with mud, and scratched paint. Evidence from the area, along with mud taken

Two more endorse Betty Lou Reed

Gildo de Lorenzo, Mayor of Island Lake, and E. Bruce Hanson, Mrs. Reed's 1972 Primary opponent, have endorsed Betty Lou in her campaign for Republican nomination to the Illinois General Assembly from the 32nd District.

Mrs. Reed, with a statewide reputation as an authority on local government, has pledged

to hold regular monthly public meetings, on a rotating basis, in each of the 32nd District's 12 townships. These meetings will replace the traditional state representative's "representative office". Mrs. Reed believes that such offices tend to give the legislator too narrow a view of the district, reflecting only the immediate area in which the office is located.

Preston Reckers, (right) Vice President of the State Bank of Antioch, who was elected to the Board of Directors of the United Way of Lake County at their 8th Annual Meeting, looks at the United Way of America's national magazine with Marshall Cobourn, Computer Project Manager at Goodyear Tire and Rubber Co., and the new president of the United Way.

from Ulrich's trousers, has been sent to the Northern Illinois Crime Lab for analysis.

The three men were taken to

Lake County jail pending posting of bond. Court dates for them have been set for March 29, at 10:30 a.m., in Fox Lake.

**Barbara DeYoung
Engaged**

Mr. and Mrs. George De Young of Millburn are happy to announce the engagement of their daughter, Barbara Jo, to Mr. Larry G. Wolfgram of Antioch, Illinois. Larry is the son of Mr. and Mrs. Walter Wolfgram of Wampeton, North Dakota.

Barbara is a registered nurse presently employed at the Lake Forest Hospital and Larry is an industrial engineer with the Goodyear Corporation in North Chicago.

The couple are planning a May 4th wedding.

Lake Villa hires patrolman

Kenneth Rinaldi of Fox Lake has been hired on a part-time basis as the newest member of the Lake Villa Police Department. Rinaldi, who has had police experience with other villages, brings the force to a strength of two full-time and six part-time men.

The Lake Villa Village Board also named two new members to the Zoning Board of Appeals. They are Herbert DeRue, 138 Belmont, and George Orbank, 212 Grand. With these appointments, the Board is now back to its full size of seven.

The Village has also closed the sale on \$90,000 of revenue bonds for the treatment plant expansion, Village Clerk Charlotte Wagner said. This money will be invested to earn additional interest until needed.

R. L. O'Neil Builders of Chicago will enlarge the plant to a 2500 population-equivalent capacity, at a cost of \$342,197. Present capacity is 1300 population-equivalent.

A federal grant of \$330,525, along with the local revenue bonds, will cover construction costs and professional fees.

Mrs. Wagner said that the contractor has moved a trailer to the site and is beginning to receive supplies there. The contract calls for completion by January 1975.

Zoning Board president Don Curtis reported that he has talked with the owner of the Larsen Industrial Park, who plans to annex that tract to the Village. Curtis said that Larsen will contact his attorney to draw up a pre-annexation agreement concerning the property, located east of Route 83, north of the Village.

Mayor Ted Nielsen said that he has yet to hear anymore concerning meetings between committees appointed in Lake Villa and Antioch to discuss common problems of development.

SO-CI'E-TY

n.; pl. TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL.) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Emmons Spring Fashions 74

Emmons Parents Club will present Spring Fashions Seventy Four, a dinner and fashion show on March 21st at Paty's Lounge in Antioch. Fashions

will be presented by Antioch merchants for men, women and children. Dinner will be served promptly at 7:30. Plan to spend the first evening of spring viewing all the latest spring styles, and hopefully winning some beautiful prizes. For tickets call 395-3254 or 395-1037.

New

Deductions

A little blue bundle of joy was delivered to Debbie and Kevin Kelly on Monday, March 4. Christopher Kevin was born at 12:02 p.m. at Condell Hospital in Libertyville. The little guy weighed in at 8lbs. 14oz.

Proud grandparents are Mr. and Mrs. William Herbert of Antioch and Mr. and Mrs. Michael Kelly, also of Antioch. Equally proud of their first great grandchild are Mrs. Bertha Mills and Mr. and Mrs. William Herbert, Sr. who are residing in Florida now.

A third son was born to George and Irene Hahn on Friday, March 1 at the Northwest Community Hospital in Arlington Heights, Illinois. Randy William tipped the scales at 8lbs. 12 1/2 oz. He has two brothers, David 9, and Brian 3.

Maternal grandparents are Mr. and Mrs. Stanley Oak of Brookfield, Illinois and paternal grandmother is Mrs. Cora Hahn of Sandusky, Ohio.

UMYF

Chili Dinner

On Sunday, March 10, the UMYF will sponsor a Chili Dinner at the United Methodist Church of Antioch. Tickets are \$1.50 for adults and \$.75 for children. Pre-schoolers are free. Chili will be served from 5:00 p.m. to 7:30 p.m.

The money earned from the dinner will be used to establish a Girl's Little League team and a youth center at the church. These programs will be open to all youth.

LaLeche League

Meets

LaLeche League of Lake Villa-Antioch will meet 7:30 p.m., Wednesday, March 13, 1974 at 619 Alima Terrace, Antioch, Ill.

Topic for discussion will be "Advantages of Breast feeding to Mother and Baby." Babies are always welcome at our meetings as well as any other women interested in learning more about the art of breastfeeding.

For more information call: 395-6081, 223-5861, or 356-8381.

White Elephant Sale

The Royal Neighbors Olson Camp No. 725 met at the American Legion Hall on February 26, 1974. Irma Hostetler presented the flag and all said pledge allegiance.

Birthday song was sung to Val Golden's grandson (14 years) Donald Golden. Oracle Gladys Wilton announced a White Elephant Sale will be held at our next meeting.

Delicious goodies were served by Ada Nichols and Gladys Wilton.

The next meeting will be held on March 12th at 8:00 p.m. shart - remember the White Elephant Sale neighbors.

Bell, Coles, Murrie

Endorsed By Republican Clubs

The Republican Clubs of Avon, Antioch, and Lake Villa Townships all announced this week their endorsement of District 4 County Board Candidates George R. Bell, Ronald R. Coles, and Lloyd E. Murrie in the March 19th Republican primary election. The same three candidates were previously endorsed by 44

Republican Committeemen and Committeewomen from Antioch, Avon, Fremont, Grant, Lake Villa and Wauconda Townships.

"We are very pleased with the solid support we are receiving from Republican party workers in District 4," Murrie said. "Their confidence in our record of achievement on the County Board is well appreciated."

Joe Nemecek celebrates

25 years with

Commonwealth Edison

Mr. Joseph Nemecek recently celebrated 25 years of service with Commonwealth Edison Co. Mr. Nemecek is a Mechanic at Station 16 in Waukegan. Joe and his wife Marie have been residents of Antioch for 30 years.

PM & L

General Meeting

There will be a general meeting of the PM & L on Sunday, March 10, 1974 at 8 p.m. at the Theatre. Lou Jones and Bob Bundy will present a program on "Ideas for Future Seasons". Refreshments will also be served.

Grove School plans

Spaghetti Dinner

The Grove School Parents' Club will have a Spaghetti Dinner on Sunday, March 24 at the school, from 1 PM to 5 PM; \$2.50 for adults and \$1.00 for children. A book sale and plant sale will take place and there will be a raffle of sporting goods.

Grove School is located at 48 East Old Mill Road, Lake Forest. For further information call 566-7968. Come and bring the family and invite your friends.

American Legion Auxiliary

Mrs. Ted Odom, Libertyville, 10th District Vice President and membership chairman, American Legion Auxiliary, states that the 10th District now has 85 percent of their membership paid, with nine of the 22 Units already attaining their goal. Baxter Evans, Highwood, Lake Bluff, Lake Forest, Lake Villa, Lake Zurich, Libertyville, Round Lake and Vernon Units are all either 100 percent or "over quota" Units. Membership chairman for this vicinity are Mrs. Ray Rathmann, Antioch and Mrs. David Kulken, Lake Villa. The first membership drive ends on March 21st at the state patriotic conference, and losers must "pay the penalty" by performing in a silly skit. Mrs. Odom urges the members to strive earnestly to get the dues of tardy members, and to get new members.

"Membership is the lifeblood of any organization, and this is especially true of the American Legion Auxiliary, where eligibility requirements must be met before a person can be considered a member. In order to be eligible for Auxiliary membership, the applicant must be either the wife, mother, sister, daughter or granddaughter of a veteran who died in the service during World Wars I and II, the Korean Conflict or the Vietnam War - hence, called a gold star member; the widow, mother, sister daughter or granddaughter of a veteran who had served during any of the named wars and is since deceased.

This veteran need not have been a Legionnaire. The last eligibility is for any honorably discharged ex-servicewomen who served in any of the four wars. Eligibility dates set by Congress are World War I - April 8, 1917 to November 11, 1918; World War II - December 7, 1941 to September 2, 1945; Korean War - June 25, 1950 to July 27, 1953; and the Vietnam War eligibility date set by the American Legion is August 5, 1964 to the present time.

"By joining the American Legion Auxiliary, the largest service organization in the world with close to a million members, you will experience happiness and a sense of satisfaction that only comes when one does volunteer work for others less fortunate than yourself," Mrs. Odom concludes.

Eligible women are invited to join the Antioch American Legion Auxiliary and to contact either Mrs. John L. Horan, Mrs. Ray Rathmann or any other member. They will be given a hearty and warm welcome.

Miss Susan Rathmann, Antioch, 10th District junior president, reminds all junior members who will be participating in the choral program at the state patriotic conference, March 21st, at the Pick Congress Hotel in Chicago, that there will be choral practice at the Libertyville American Legion Home at 7:30 p.m., on March 8th. Mrs. Norman Holt, North Chicago, 10th District President, will serve as their director.

The second annual Bowling Tournament of the 10th District American Legion and the Auxiliary will take place on March 23rd at the Libertyville Lanes. Squads will start bowling at noon, with the last

squad to bowl at 9:00 p.m. Mr. and Mrs. Herbert Gleason of Libertyville, the co-chairmen, said they expect approximately sixty couples to bowl in this tournament. All legionnaires, Auxiliary members and their mates are asked to get their reservations in as soon as possible.

Social Notes

by: Del Jahneke

Let's get an early start, and "SWING INTO SPRING!" - that wonderful fashion show and card party, with special entertainment, held this Sunday, March 10th, at 2:00 p.m., at the Grass Lake School. When you enter the school, bleak March will vanish and you will be in a beautiful springtime decor, viewing enchanting fashions from the Four Squires and the Young Image stores. All

Misses Susan Rathmann and Colleen De Vries, both of Antioch, district junior president and district secretary, respectively, of the 10th District Juniors, American Legion Auxiliary, who will be participating in the choral program to be given at the state patriotic conference on March 21st, at the Pick Congress Hotel in Chicago.

Grass Lake P.T.O. and the school is motivated by this event, with the teachers, the students, their mothers and even the "Top Man", Superintendent William Hart, getting into the act! Mrs. Peter Eichler, the general chairman, says there are door prizes galore, and a chorus of the upper grade pupils will provide music throughout the afternoon. This event is given for the benefit of the Grass Lake School children to obtain needed play equipment, special educational books and any other items necessary for the children. So, good people, SWING INTO SPRING next Sunday, and brighten the lives of all about you!

A slumber party that also became a surprise birthday celebration of Sue Rathmann's fifteenth birthday was held at the home of Sharon Endries on February 15th. Sharing in the fun and enjoyment of this party were, besides the birthday gal, Sue, and her hostess, Sharon; Lynn Mueller, Linda Roe, Marie Poland, Gayle Fielder, Colleen Herrera, Karen Girten, and Mary Lynn Endries. Methinks the biggest surprise of all would be if anyone ACTUALLY got any slumber! BELATED HAPPY BIRTHDAY, SUE RATHMANN!

Dianna De Vries and her Dad, Bernie of rural north Antioch, were guests of the Tom De Vries family of La Crosse, Wisconsin, this last weekend. They also saw Mrs. Sam De Vries, Bernie

Little League Officers Named

The Antioch Little League held its 1974 organizational meeting and the following officers were chosen: President-Bernie Gutowski; Vice President, Minor League-Dick Kessler; Vice President-Little League-Bill Nauman; Vice President, Babe Ruth-Jack McAvoy; Secretary-Bob Berchold and Treasurer-Jack Fields.

Registration was set for the 1st three Saturdays in April. Time and place will be announced at a later date.

and Tom's mother, who now lives with the La Crosse De Vries since her husband's death.

CALLING ALL GIRL SCOUTS AND BROWNIES IN THE ANTIOCH AREA! March 10th is Girl Scout Sunday, and the United Methodist Church in Antioch is honoring these girls by having them participate in their worship service at 9:30 a.m. Reverend Stephen Williams asks that the girls who plan on taking part in the March 10th services, please come to a practice March 9th, at 11:00 a.m., at the Church. Girl scouts and brownies are encouraged to wear their uniforms and sit in a group on that Sunday. For any further information, please contact Mrs. Bernard De Vries at 395-3975.

NOTICE TO BIDDERS
MAIN STREET SANITARY SEWER REPLACEMENT
(DEPOT STREET TO IDA STREET)
ANTIOCH, ILLINOIS

Notice is hereby given that the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, will receive bids at the Village Hall, 876 Main Street until the 1st day of April, 1974 at 8:00 p.m. Daylight Saving Time, for the construction of sanitary sewer improvements, at which time and place the bids will be publicly opened and read. Bids will be acted upon at a later time and place as may be then fixed.

The work to be done is as follows:

Construct approximately 230 lineal feet of 16" internal diameter C.I.P. Sanitary Sewer Main.

Construct approximately 1,816 lineal feet of 15" internal diameter P.V.C. Sanitary Sewer Main.

Construct approximately 20 lineal feet of 15" internal diameter V.C.P. Sanitary Sewer Main.

Construct approximately 10 structures including manholes, appurtenances and, necessary surface restoration and incidental work.

All work is to be performed in accordance with the plans and specifications which are on file in the Village Hall, and at the office of Applied Engineering Company, 1450 South New Wilke Road, Arlington Heights, Illinois 60005.

All bids shall be submitted, on forms provided, to the Village Clerk on or before the time specified above.

Each bid shall be accompanied by a check, drawn on and certified to be an acceptable Illinois bank in an amount of not less than (10) percent of the total bid, made payable to the Village of Antioch, Illinois. Bid bonds or other substitutes will not be acceptable. The certified check shall be forfeited if the bidder fails to enter into a contract and furnish bond after his proposal shall have been accepted. The certified checks or unsuccessful bidders will be returned after he enters into a contract and furnishes a satisfactory performance bond.

The successful bidder shall furnish a performance and guarantee bond to the Village of Antioch in the amount of 100 percent of the contract.

Payment will be made in cash on the basis of approved progress estimates.

The work shall commence within thirty (30) calendar days after date of written notice to proceed, and all work shall be completed within sixty (60) working days, after date of written notice to proceed.

The Contractor shall pay labor employed on the work, not less than the prevailing wage scale as required by State Statutes.

Prequalification according to Section 102.01 (a) of the Standard Specifications for Road and Bridge Construction of the State of Illinois dated July 2, 1973, shall be mandatory of all bidders on this project. No bidder will be allowed a Proposal unless he first submits a prequalification rating for Storm Sewer Construction of at least \$100,000.00.

The Village reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) days after opening of bids, and reserves the right to reject any or all bids, to waive informalities or technicalities in bid, and to accept the bid which it deems to be in the best interests of the Village of Antioch, Illinois. Bid documents are available from the Village Clerk for a non-refundable charge of ten (10) dollars.

Obituaries

MRS. FLORENCE M. BEHRENS, 49, years old of Lake Villa, Ill., passed away on Sat. March 2nd at her home at Grand Ave. She was born Aug. 15, 1924 in Chicago and moved to Antioch in 1950, then to Lake Villa in 1951. She was a member of the Lake Villa V.F.W. Post 4308 Auxiliary. She married Henry A. Behrens on Dec. 29, 1951 in Antioch.

Survivors are her husband Henry A. Behrens, her mother Mrs. Catherine Jermakowicz, and 1 brother Mr. Chester Jermakowicz.

A funeral mass was held at 11:00 a.m. Tuesday at Prince of Peace church in Lake Villa with interment in Grass Lake Cemetery. Memorials may be made to the Lake Villa Rescue Squad in lieu of flowers.

MISS CATHERINE M. CULLEN, 69, passed away on Friday, March 1st, in the Zion Nursing Home after a long illness. She was born Sept. 14, 1904 in Birdsall, New York, and had resided for the past 40 years in Chicago. She had been employed for many years as a stenographer for Marshall Field & Co. in Chicago. She was a member of St. Bernards Catholic Church in Chicago.

Survivors are her mother Mrs. Mary A. Cullen, 3 sisters, and 1 brother.

A funeral mass was held at 10:00 a.m. Monday at St. Peters Church in Antioch with interment in Mt. Carmel Cemetery at Antioch.

MR. EDWARD COOK, 69, of Rt. 3, Richland Center, Wis. passed away on Sat. March 2nd at his home. He was born June 6, 1904 in Chicago and had farmed in Antioch, Round Lake, Ill. and at Bristol before moving to Richland Center two years ago. He was a retired farmer by occupation and operated a farm drainage business until three years ago when he retired. He married Antoinette Grenus on Sept. 6, 1931 in Waukegan.

Survivors are his wife Antoinette, 1 brother, and 3 sisters.

Funeral services were held at 2:00 p.m. Tuesday at The Strang Funeral Home in Antioch. Rev. Phillip O. Laurin of St. Stephens Lutheran Church officiated with interment in Sunset Ridge Cemetery at Kenosha.

"Hindsight's Better Than Foresight"

by: Father Eugene Keusal

The letter of last week said, "The Exorcist" is not a religious movie, it is not a horror flick. Is it a film about human nature? Can you remember the first time you heard yourself record on tape? You probably said something like, "that doesn't even sound like me". We're usually the last one to recognize a trait of our own. I think that the reaction to "The Exorcist" is somewhat the same. When we see the evil of mankind symbolized dramatically and effectively we find it difficult to believe. What's worse being possessed - or being totally ignored by your fellow man "in the orgies of pushing and shoving" in the name of Christmas shopping - or after being ignored by your fellow man most of your life to have a "city block of people stampede from their houses to have the chance to 'view' your guts strewn over the street as the latest traffic fatality. To me all

CHRISTIAN SCIENCE CHURCH

What an understanding of perfection can mean for mankind will be brought out at Churches of Christ, Scientist, this Sunday.

In the Scriptural readings in the Bible Lesson-Sermon on "MAN" is this passage from Psalms: "It is God that girdeth me with strength and maketh my way perfect."

From SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy this citation will be read: "Man's genuine selfhood is recognizable only in what is good and true. Man is neither self-made nor made by mortals. God created man."

Services at First Church of Christ, Scientist, Rte 173 and Harden, Antioch, Illinois, begin at 11 a.m. They are conducted by Mrs. Barbara Conzelman, First Reader, and Mrs. Lorraine Wirt, Second Reader. Care for children is provided.

Seek hit and run driver in Lake Villa

Police are looking for leads to the identification of the driver of a car involved in a hit and run fatality in Lake Villa early Saturday morning.

Pronounced dead on arrival at St. Therese's Hospital was Helen L. Schlabach of Rose Ct., West Miltmore, Lake Villa.

Her body was discovered by a passing motorist shortly after 2:00 a.m. The victim was lying on Centfall Avenue, 304 feet north of Route 132.

The initial investigation was handled by the Lake County Sheriff's department. The case has now been turned over to the Lake Villa Police.

Funeral services for Helen Schlabach were held Tuesday

afternoon at the Strang Funeral Home in Grayslake. Interment was in Highland Memorial Park, Libertyville.

She is survived by her husband, Gerald L. Schlabach; six daughters, Vicci (Mrs. Walter) Hinks of Waukegan, Linda, Teresea and Tracy (twins), Peggy Holcombe, and Jennifer; five sons, David, Gerald A., Daniel, Robert Holcombe, and Michael; her mother, Mrs. Lois Dearman of Sparta Wisconsin; four brothers and two sisters.

Council of Ministries - interested in Ecumenical Telecare Ministry

The Council of Ministries of the Antioch Methodist Church is interested in starting an ecumenical Telcare Ministry for the elderly and shut-ins of the Antioch area. If you would like to help please contact either the church office at 395-1259 or Mrs. Barbara Goetzelman at 395-2372 for further information.

COUNTY ZONING NOTICE

2372
STATE OF ILLINOIS)
)SS
COUNTY OF LAKE)

TO WHOM IT MAY CONCERN

PUBLIC NOTICE is hereby given to all persons in the Town of Antioch Township, Lake County, Illinois, that a public hearing will be held on March 21, 1974 at 2:30 P.M., in the Village Hall, 874 Main Street, Antioch, IL relative to a proposal to vary the terms of the Lake County Zoning Ordinance or to reclassify by amendment thereto, from the Urban Residential-3 (UR-3) zone to the Urban Residential-3A (UR-3A) Zone.

The following described real estate, to-wit:

Lots 1 through 131 inclusive and Game Preserve, roads, and Parks therein in Petite Lake Highlands being a subdivision of part of the southeast quarter of the northeast quarter of Section 25, Township 46 North, Range 9 East of the 3rd P.M. and part of the northwest quarter of Section 30, Township 46 North, Range 10 East of the 3rd P.M. according to the plat thereof recorded June 25, 1925, as document No. 259989, Book "O" of Plats pages 16 & 17 in Lake County, Illinois.

Property located on West side of Illinois Route 59, approximately 1/2 mile south of Grass Lake Road; the southerly and westerly boundaries front on the Chain of Lakes; in Antioch and Lake Villa Townships, Lake County, IL

As a result of the petition of PETITE LAKE HIGHLANDS SUBDIVISION which petition is on file and available for examination in the office of the Lake County Zoning Board of Appeals, County Administration Building, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

Sequoit Happenings

Bite from Barb

By: Barb Olson

Congratulations to the Antioch boys' basketball team! Not only have they achieved the conference championship, but they also finished the regular season with an unbeaten conference record. Friday night the Sequoits continued their winning ways with a victory over Warren, 72-66. Mike Gutwoski led the Sequoits with 20 points, followed by Russ Albano with 16 points, Mike Perrone with 13, Mark Andrews with 12, and Vic McGuire with 11. Following was an after-game dance, with a live band. The dance was sponsored by the Radio Club and the Sophomore Class, and was so well attended that, according to Mr. Curtis, Radio Club sponsor, it ranked as one of the most profitable after-game dances Antioch has had.

Antioch now heads into the regional basketball finals Tuesday, with a game against Woodstock at McHenry. Attendance at the game is highly urged; come cheer the fighting Sequoits to victory!

Still in the subject of basketball, we find the girls' basketball team selling stationery to obtain funds to send girls to basketball camp later this year. The stationery is unique in that it includes scented seals in scents of strawberry, pizza, and pickle. Many orders have been placed because everyone wants to send a friend a pickle.

Basketball isn't over yet, and spring sports are already being organized. Wednesday saw interested freshmen signing up for the freshman baseball team. Track sign-up was held Monday.

The year is more than halfway over, and Wednesday the three returning classes received curriculum guides and class planners. On Friday they turned in their planners. These give the school a basis for setting up class schedules and teachers' assignments. In August these students, along with the incoming freshmen, will arrange their own schedules for next year.

As for the seniors, graduation is just around the corner. Friday the seniors were measured for caps and gowns, and also arranged for announcements to remind friends and relatives of Graduation Day.

The cast of "Hello, Dolly!" started rehearsals this past week for its performance later this spring. Hope you can attend!

Last Saturday, Antioch reentered the Forensics field at the Regional competition at Waukegan High School. Participating were Robin Hunley, Chris Walpole, Chris Lindberg, Sandy Lindberg, Lois Geist, John Rooker, and Kevin

LaChance. Kevin and John both placed in their fields, but top honors for Antioch went to Sandy Lindberg, who took second in her field. She proceeds to Glenbard South on March 23rd to represent Antioch in the Sectionals. Let's all wish her the very best of luck!

Gary S. Swanson home from Antarctic

Navy Airman Gary S. Swanson, son of Mr. and Mrs. Axel E. Swanson of Route 3, Lake Villa, Ill., returned to the United States after a five-month stay here. As a member of the Navy's Antarctic task force he helped provide support for scientific research programs being conducted by universities, government agencies and industrial firms.

A former student of the University of Illinois, Champaign-Urbana, Ill., he joined the Navy in January 1973.

HOMETOWN NEWS

Wm. L. Dow named to receive Chancellor's Award

William L. Dow, a senior majoring in industrial arts education, and the son of Mr. and Mrs. Arnold Webber, 299 Maplewood, has been named to receive the Chancellor's Award for academic excellence during

the first semester at the University of Wisconsin-Stout.

The award replaces what has been traditionally known as the Dean's List and is presented to students who have a semester grade point average of 3.5 or above.

James Gaa on Dean's List

James Gaa of Antioch has been named to the Dean's List at St. Norbert College for achieving superior scholastic honors during the first semester of the 1973-74 academic year.

To be eligible for the Dean's List, full-time students must maintain grade point averages of 3.5 or better, based on a perfect 4.0.

Augustana

students pledged

Linda D. Lagerstrom and James L. Fischer, both of Antioch and freshmen at Augustana College, Rock Island, have pledged social organizations on campus.

Miss Lagerstrom, a daughter of Mr. and Mrs. Lennard M. Lagerstrom, Rt. 5, Antioch pledged Delta Chi Theta sorority. Fischer, a son of Mr. and Mrs. Lennard Fischer, 1041 Bishop St., Antioch, joined Gamma Alpha Beta fraternity.

Cash registers hit in two stores

Burglars robbed the cash registers of two Antioch stores last week. Hit were the Merry-Go-Round Bakery, 402 Lake St., and the Fur, Feather and Fin Pet Store, 921 Main.

Fred Gardner, proprietor of the bakery told police that he came to work, as usual, at 2:00 a.m. last Wednesday. He said he had noticed that the back door lock was not working correctly, but thought little of it until his daughter came to work shortly before 6:00 a.m. and discovered money missing from the cash register.

Gardner estimated the loss at

about \$33. He also reported three large cans of sliced pineapple missing, valued at \$15.

The burglary at the pet store is believed to have occurred sometime during Saturday night or Sunday morning. Owner Bill Slater discovered the loss when he opened for business Sunday morning. He informed police that he was certain that the store was locked when he left Saturday night. A student who did clean-up work later that night also stated that the building was secure when he left.

Slater estimated that about \$85 had been taken.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY

Adjusting your thermostat—how it can waste or conserve energy.

These days, it's wise to know a few things about your thermostat. How you use it can save or waste precious energy and money.

Your thermostat works like this: When you set it at 68 degrees, it starts your heating system working. Once your home is warmed to 68 degrees, the system is automatically turned off. Insulation holds the heat inside your home as long as it can. Then when your home cools below 68 degrees, your thermostat starts the system reheating.

Frequently adjusting your thermostat makes your heating system work harder than it has to. And that costs you money—in repairs and higher bills. You'll save energy and money by setting your thermostat at 68 degrees and leaving it there.

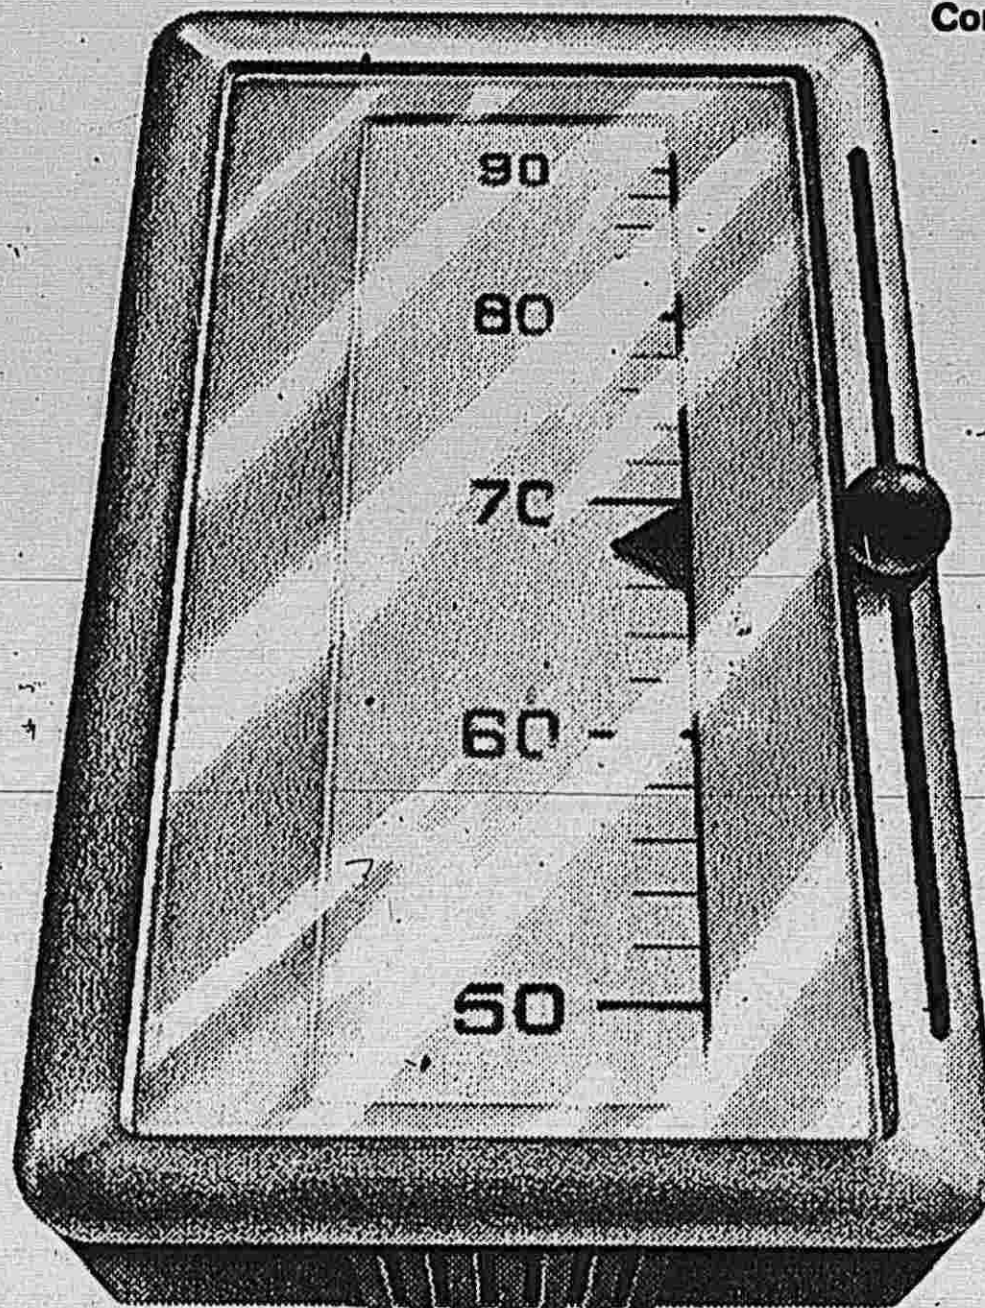

Another thing to remember: Every degree over 68 adds about three percent to your heating bill. If you keep your thermostat at 68 degrees instead of 72, you can save over 10% at the lower setting.

While frequently adjusting your

thermostat wastes energy, an occasional adjustment will conserve energy. So it's a good idea to lower your thermostat at night and when you're away from home.

These principles apply essentially to all heating fuels—electricity, gas or oil. We have a booklet that covers heating as well as other areas where you can conserve energy. We'll send a copy of "101 Ways to Conserve Electricity at Home" to you free. Just write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

Sequoits Top Conference 13 - 0

The Antioch Sequoit cagers concluded the 1973-74 conference season with a hard fought 72-66 victory over Warren Township High School. The victory marked the second time in recent years that the Antioch cagers have gone undefeated in league play. The last time was in 1966-67; the Sequoits had a record of 14-0 during that season.

As the game opened, the cagers missed several good shots, but still managed to hold the upper hand as Vic McGuire and Mark Andrews paced the Sequoits with seven and six points respectively. Late in the quarter, Grant Tinsley was pacing the Warren Blue Devils. He controlled both boards and hit five baskets, as he kept Warren close. The quarter ended with Antioch ahead 20-18.

In the second quarter Tinsley continued to pace the Warren attack, with some help from Skip McCann as he connected for seven points in the quarter. The Antioch attack was lead by Mike Perrone who hit on 5 of 6 shots, but the board play of Tinsley was too much for the Sequoits, and Warren took a

39-37 lead to the locker room.

As the second half started, Warren broke out to an eight point lead 47-39. At this point, the Sequoits came alive, turning the game completely around. Using a strong defense, some sharp offensive play, and most important - working the boards very well - the Sequoits scored 19 straight points. Each starter contributed in the scoring. It was truly an excellent display of basketball as the Sequoits turned an eight point deficit into an eleven point lead 58-47. In the last 4 seconds Warren cashed in a free throw and the quarter ended 58-48, Antioch leading.

In the early going of the 4th quarter, Warren came back to challenge the Sequoits. At one point, Warren tallied 10 straight to close the Sequoit lead to 61-60. At this point, the Sequoits regrouped and Russ Albano and Mike Gutowski scored 4 and 5 points respectively to keep the Warren Blue Devils at bay. Also sandwiched in the closing surge was a super tip-in by McGuire.

On the other end of the court, Albano and Andrews paired up to grab several key defensive rebounds that slowed the Blue

Devil attack.

The game was a hard, strong, well played game. The team balance again showed through, as all five starters scored in double figures and each contributed to the important factor - rebounding. "A great finish to an excellent season," quoted Coach Andrews. "This team has done a superior job, winning the Barrington Tournament, placing well at the Rockford tournament, winning the conference title undefeated and winning 20 games in the season - terrific," added Coach Andrews. "This team is really a fine group of young men - hard workers and dedicated to the game of basketball - all assets have lead to their success," concluded the Sequoit mentor.

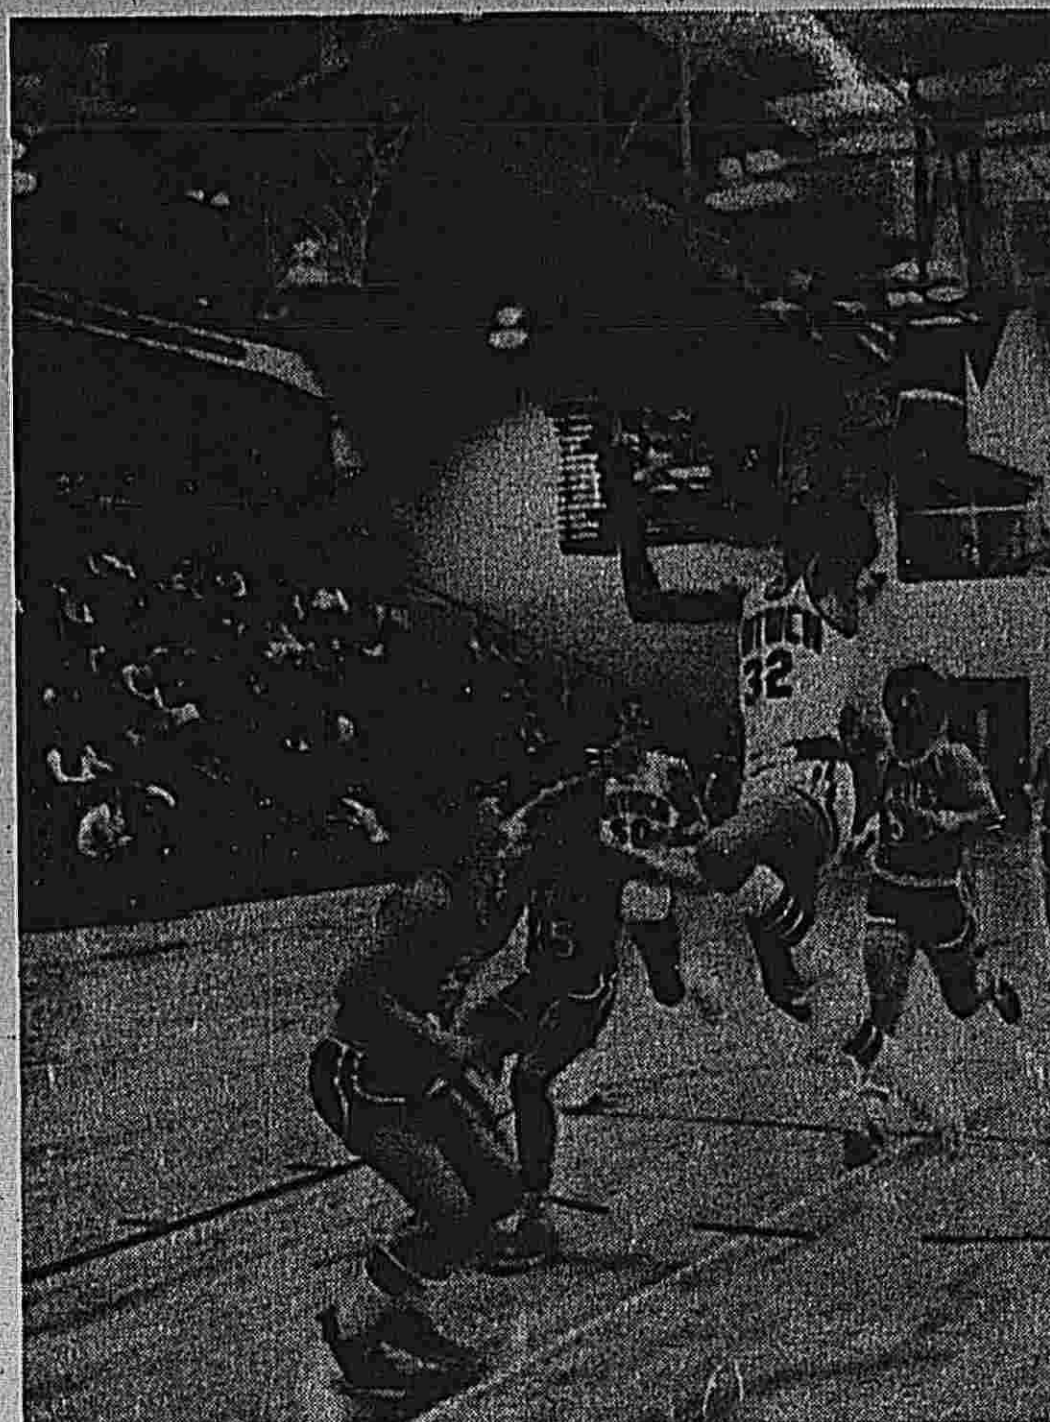

With the five assists recorded by Mark Andrews during the game, he has set a new school record for total assists in one season, his new record is 156. The old record was 153 set in 1970-71 by Tim Mieux.

Next on the success trail will be the McHenry Regional Tournament. The Antioch Sequoits will play Woodstock on Tuesday evening at 7:30 p.m. If they win - their next game will be on Friday against the winner of the Grant - McHenry game.

Sophomores End 13 - 1 Season

The Antioch Sophomore Basketball Team closed out its season last Friday with a 42 to 38 win over Warren, with an over-all record of 18 wins and 6 losses. Their conference record was 13 and 1, with victories over every team in the conference, good enough for the first place finish in Conference standings.

Considering the fact that none of the members of this years Soph team played any freshmen games last year, Coach Gary Allen is especially pleased with the season. Since our loss to Libertyville back in early

December and a record of 1 win and 3 losses, the Sophs have played exceptionally well. The boys have to be praised for putting their game together as quickly as they did.

Jon Bodin led the scoring against Warren with 18 points. Scott Kimball followed with 11, Tom McAvoy scored 5 and George Ferguson and Jeff Eder each added 4.

The Soph "B" team ended its season Saturday with a loss to Warren leaving the team with a season record of 9 wins and two losses.

Scott Shaffer Sixth In State Tournament

Scott Shaffer, wrestling at 112 pounds, placed 6th in the state championships last weekend. Scott had previously won the District and Sectional Championships, and went to the tourney with a 29-3 record.

After winning his first match 8-1, he lost to Greg Maxey, the eventual state champion, and went into the consolation bracket. There he won two more matches and lost two to finish. "Scott is only a junior and should be a state contender again next year," reports Coach Ted DeRousse. "Scott wrestled well in the District and Sectional tournament but had several letdowns in the state tournaments.

Scott had a 16-7 record last year on the Sophomore team, but decided that he really

wanted to concentrate on wrestling. He wrestled in every tournament he could this summer and went to two wrestling camps. "His improvement has been fantastic," DeRousse said. "He is very coachable and always trying to improve. It is this attitude that will, I'm sure, lead him to a state title this year."

Scott's record this year was 32-6, which ties him for the most wins in a season with his brother Larry who won 32 in the 1970-1971 seasons. His other places include: Second place - Glenbrook South, Tourney; Second Place - NWSC Tournament; first place - Antioch District Tournament; first place - Barrington Sectional Tournament; Sixth Place - State Championship.
